Dallas Avionics, Inc. was founded in 1973 as a Wholesale Distributor of Aircraft Electronics, Installation Supplies, and Avionics. Through years of change in the aviation industry, the ONE constant is our commitment to the highest standards of Business Ethics, Integrity, and Customer Service.

Our team of professionals has an in-depth knowledge of the industry with over 60 years of quality service. You WILL notice the DIFFERENCE in SERVICE with a single call to 800-527-2581/214-320-9770. Call today and let us go to work for you to provide a quick, informative response to all of your avionics needs.

Pambry Electronics has a proud history of nearly 50 years in the acoustic ancillary, connector, cable and microphone fields. Most of our present work is confidential; we have contracts with various major manufacturers in France, Germany and Spain for microphone development specifically for Masks and Military Headsets.

Pambry Electronics is a BSI/ISO 9002:2008 registered company. As a Small Medium Enterprise we are equipped to the highest Audio and Military Standards with a large Anechoic Chamber (ISO 3745) and Reverberant Room facility (Mil Std-912 & ANSI S12.6-1997).

EDMO has grown into the world's largest independent wholesale distributor of aircraft electronics (avionics), avionics test equipment, installation supplies, aircraft accessories and pilot supplies. We have accomplished this by providing our customers with an extensive and readily available inventory and a robust set of personalized services. Our total commitment to the needs of our customers makes EDMO *the* reliable source they can count on.
